WELCOME TO OUR MONTANA PIONEER SOCIETY,

Every Montana Pioneer has a story to tell, and as sons and daughters of those pioneers, it is up to us to continue to contribute and preserve that history that has been passed down from generation to generation.

The application is the start of the process of keeping up with one's historical Montana Pioneer lineage.

The application is composed of three parts.

1. Applying Member Contact/Payment Information.
2. Lineage to the Montana Pioneer.
3. Declaration of Lineal Descent.

In the near future, we are hoping to simplify this process, for some applicants find this an overwhelming task, with missing information or dates. Rest assured, we are here to work with you to fill in gaps of information if necessary. If you have questions please feel free to email, text or leave a voicemail and we will get back to you in a timely manner.

After completing the Application, submit to the registrar listed, along with payment made out to SDMP, and we will contact you if more information is needed.

Our Annual Conventions are held in the month of August. We encourage new applicants to join us for your official election into the society, at which time you are presented with your membership certificate and plaque, and introduced to the current attending members. If you are unable to attend, these documents will be mailed to you after the Convention.

It is with High Hopes of meeting you at the next Annual Convention!

Thank you for your Application.
